

## Senior Magento Engineer

**Summary of Qualifications**

Experienced in Magento 1 and 2 backend development, including customization and integration with both Magento Community Edition (CE) and Enterprise Edition (EE). Proficient in adapting modules from top vendors like Amasty, MagePlaza, and Klevu, as well as integrating third-party services and APIs including FedEx, UPS, and Stripe. Skilled in developing custom modules to enhance core functionalities, managing data imports/exports, and executing Magento 1 to Magento 2 migrations. Also experienced in supporting projects on TYPO3, Laravel, and WHMCS, with capabilities in developing custom modules and extensions for these platforms.

**Professional Summary****Magento Development Expertise**

- Proficient in both Magento 1 and Magento 2, including Community Edition (CE) and Enterprise Edition (EE).
- Experienced in using, adapting, and integrating modules from top vendors such as Amasty, MagePlaza, Klevu, Smile, and Xtento.
- Skilled in custom module development to extend core functionalities and enhance e-commerce capabilities.

**API Integration and Third-Party Services**

- Extensive experience in integrating a wide range of third-party services and APIs, including FedEx, UPS, eBay, Nextcloud, Nova Poshta, WordPress, and Stripe.
- Successful in automating and optimizing operations through tailored API solutions, improving system interoperability and user experience.

**Data Management and Migration**

- Expert in managing data import/export processes across different platforms, specializing in Magento data handling.
- Accomplished in migrating systems from Magento 1 to Magento 2, ensuring data integrity and system functionality.

**TYPO3, Laravel, and WHMCS Development**

- Development and support of projects on TYPO3 and Laravel frameworks.
- Custom module and extension development for TYPO3- and WHMCS-based platforms.
- Experience in integrating WHMCS with services like NextCloud and ISPConfig, enhancing platform capabilities.

**Academic Credentials**

- PhD in Computer Engineering, National Technical University
